 Tuesdays – Novices (Mixed)
 Wednesdays – Ladies Local Racing
 Thursdays – Mens Local Racing
 Sundays – Mixed Local Racing

Care and use of the Gigs

- Gigs should be lifted by the gunnels and not dragged down the beach.
- You should never step into a gig unless it is properly afloat as this can damage it.
- Please approach the beach slowly because hitting the beach at speed can damage the gigs.
- Pins should be removed on the beach and when pulling the gigs up the beach, you should hold onto the gunnels and never push on a pin.
- The gig should be hosed down with fresh water and sponged out before being put away.
- When putting the gigs away, the boat should be lifted onto the ground, supports should be slid in under the bow and stern and a trig should be slid under each side so that the gig is even keel.
- Please check seat pillars are in place before sitting down. These should not be removed to fit stretchers.
